

DDD  
GROUP

SMALL CONSTRUCTION  
AND MAINTENANCE

## We can add or help you maintain the **value of your project** (whether we built it or not!)

While DDD Group excels in large-scale ground-up construction projects, we understand the power of a well-executed renovation. We understand that your property is an investment. Just like any investment, it requires ongoing structural maintenance and improvements to retain and enhance its value. That's why we offer comprehensive **small construction services**, perfect for refreshing or renovating your existing space, regardless of who built it originally.

- **Interior renovations:** Breathe new life into your office, retail space, healthcare facility, or any other commercial space with renovations that improve functionality, aesthetics, and overall appeal.
- **Tenant improvements:** Are you a tenant looking to customize your leased space to better suit your needs? We can help with everything from creating new walls and flooring to installing plumbing and electrical fixtures.
- **Accessibility upgrades:** Ensure your space is compliant with ADA (Americans with Disabilities Act) regulations and accessible to everyone with well-planned modifications.
- **Life-cycle maintenance:** Regular maintenance is key to preventing costly repairs down the road. DDD Group can handle preventative maintenance tasks like painting, flooring repairs, and minor plumbing or electrical work.

By investing in small construction projects, you can achieve a range of benefits, including:

- **Increased functionality:** Improve workflows and optimize space utilization with strategic renovations.
- **Enhanced aesthetics:** Create a more modern, inviting, and professional environment that attracts customers, tenants, and employees.
- **Improved safety and compliance:** Address safety concerns and ensure your space meets all relevant building codes and accessibility regulations.
- **Boosted property value:** Well-maintained and updated properties retain their value and command higher rents or sale prices.

### **Quality You Can Expect from DDD Group**

Whether you're tackling a small tenant improvement project or a larger renovation, you can expect the same level of quality, expertise, and dedication that DDD Group is known for in our ground-up construction projects.

- **Project planning and management:** Our experienced team will guide you through every step of the process, from initial concept to project completion.
- **Meticulous craftsmanship:** Our skilled professionals ensure high-quality construction that meets your exact specifications.
- **Open communication:** We prioritize clear communication throughout the project, keeping you informed and involved every step of the way.
- **Budget adherence:** We work closely with you to develop a detailed budget and ensure the project stays on track financially.
- **On-time completion:** We understand the importance of completing projects within the agreed-upon timeframe. Our team is committed to delivering your project on time and within budget.

### **Already our client? Even better!**

Having partnered with you on your initial ground-up construction project, we possess a deep understanding of your company, its values, goals, and the unique needs of your space. This translates into a seamless and efficient project experience.

- **Streamlined communication:** No need to spend time onboarding a new contractor and explaining your company culture or operational needs. We've already built a strong rapport and understanding of your communication style.
- **Faster project initiation:** Since we're familiar with your existing space, including its blueprints and construction history, we can quickly assess project requirements and get started sooner.
- **Alignment with your vision:** We understand the long-term vision for your space and can ensure any smaller renovations or maintenance work aligns seamlessly with your overall goals.
- **Reduced risk:** Our existing partnership minimizes the risk of miscommunication or surprises during the project. You can trust our proven track record of quality and expertise.

### **Let's get started!**
